Streets and side-walk

Street and pedestrian path

Shaded side-walk

Pedestrian side-walk

Description:

Walkways for pedestrians are the principal means of travel between buildings and activities on the central campus. People should be able to walk on the campus without feeling threatened by wheeled vehicles. Where possible and practical, the university will provide a safe environment for persons walking the campus and will minimize hazardous conditions.

Procedures by the University of Al-Qadisiyah SAFETY & SECURITY:

- Obey all traffic control devices and routing signs.
- Stop at all red lights and stop signs.
- Yield to pedestrians.
- Maintain a safe stopping distance behind moving cars.

- *Do not pass vehicles on the right.*
- *Be courteous to pedestrians, motorists, and other bicyclists.*
- *Avoid traveling too fast down hills or on rough or slippery roads.*
- *Ride with traffic, not against it. Use hand signals to communicate with motorists.*
- *Wear a helmet.*
- *Reduce the speed of motor vehicles.*
- *Reduce pedestrian risks at street crossing locations.*
- *Provide sidewalks and walkways separate from motor vehicle.*
- *Improve awareness of and visibility between motor vehicles and pedestrians.*
